## EDUCATION

---

### **The American University in Cairo (AUC)**

2017-2023

BSc in Computer Engineering. BSc in Electronics Engineering. GPA: 3.64/4.0

### **International School for Elite Education (ISEE)**

2011-2017

IGCSE. Graduated with high honors.

## TECHNICAL SKILLS

---

- Versed in C++, Python, kotlin, Java, Javascript, PHP, SQL, MongoDB, Verilog, Latex, CSS and HTML.
- Experienced in circuit design with Eagle and Altium.
- Experienced with Arduino and Raspberry Pi.
- Robot enthusiast. Built several robots, including a cleaning vacuuming robot with a gripper arm.
- Experienced 3D printing enthusiast; designed and printed dozens of my own robotics components and personal projects.
- Programmed various games and applications, including a fully featured version of pac man, a text compression tool and a circuit netlist generator for boolean expressions; mostly in the language C++.
- PC enthusiast, built my own liquid cooled computer.

## COMPETITIONS

---

### **Participant, International Collegiate Programming Contest, AUC**

2019

Entered the local ICPC ACM after gaining experience and practice in competitive programing; achieving 9<sup>th</sup> place out of 14.

### **Participant, Code Geist hackathon, Sefr Wahed**

2019

Created an app and it's pitch in 48 hours with a team of 4; developed an environment centric mobile application meant to encourage and reward individuals for collecting litter.

### **ROV electronics member, Robotics Club, AUC**

2017-2019

Entered with the university's Remotely Operated Vehicle (ROV) team that participated in the international MATE competition; Greatly contributed to circuit design and mechanical design.

### **Contestant, Science fair, Student Expo 2014**

2014

Won first place at the high school level with a 4 wheeled remote controlled robot featuring a 3-axis arm.

## EXPERIENCE

---

### **Tutor, Computer Science and Engineering Clinic, AUC**

2019-present

Tutor of the student driven computer science and engineering "clinic"; an organization that is meant to provide the support to students of the first 4 levels of computer science and engineering through sessions and one on one tutoring sessions.

### **Undergraduate teaching assistant, Programming fundamentals, AUC**

2018-2019

Worked as an undergraduate teaching assistant for the second level of computer engineering; helping students understand programming concepts.

### **Undergraduate teaching assistant, Programming fundamentals, AUC**

2018-2019

Maintained ACM scoreboard application used by university.

## EXTRACURRICULAR ACTIVITIES

---

### **Recreational Scuba Diver, Scuba Diving, Independent**

2009-present

Licensed 2-star CMAS scuba diver; preformed over 100 scuba dives in the Red Sea.

### **ROV Multimedia Head, Robotics Club, AUC**

2017-2019

Led team of 5 to market and document ROV events. Photographed and filmed dozens of events. Filmed and edited 4 videos for marketing purposes. Designed brochures to advertise robotics classes. Gained more experience on how to lead

<b>Multimedia Member Peer Leader Advising (PAL), AUC</b>	<i>2018</i>
Photographed half a dozen events. Created 3 animated and heavily edited videos officially published by University.	
<b>Assistant Multimedia Head, AUC Insider, AUC</b>	<i>2017</i>
Photographed dozens of events. Published over a dozen photographs in the University newspaper.	
<b>Camper, NASA Camp, Independent</b>	<i>2015</i>
Attended NASA camp in Atlanta, USA. Won “Best Camper” award.	

## SKILLS

---

- Very fluent in written and spoken English and Arabic.
- Professional Photographer.
- Proficient in Adobe After Effects, Premier Pro, Photoshop, Illustrator, InDesign, Autodesk 3Ds MAX and Blender.

## TRAVEL

---

Travelled to most of Europe, the U.S.A, the Middle east and Africa
